

“To Lead The Way”

In innovation and reputation
In temporary traffic control training
In building community partnerships

“To Create Opportunities”

That overcome barriers to employment
That provides lifetime employable skills
That provides guidance and support

Overcoming barriers to employment is the primary reason for creating the Certified Flagger course. Traffic Troopers' goal is to help you achieve employable skills which includes personal management, communication, teamwork and work zone experience. ~ TTI Admin

About us

Traffic Troopers, Inc.

20+ years in the Temporary Traffic Control industry. We are a DeKalb First Local Small Business Enterprise (LSBE), Disadvantaged Business Enterprise (DBE), Female Business Enterprise (FBE) and a WIOA Training Provider; authorized by the Georgia Nonpublic Postsecondary Education Commission (GNPEC).

We want to make a greater investment – impacting Georgia local communities by creating jobs and helping individuals gain professional and personal leadership skills.

We deliver Safety 1st to our customers which includes corporations and government agencies. Traffic Troopers builds trust and confidence through our expert experience, support and guidance; which allows us to provide a solid foundation of education and practical experience to our trainees. Traffic Troopers is proud to deliver our programs to all individuals without compromising our business relationships.

TTI Opportunity Scholarship

Provides low income individuals with financial assistance.

Eligibility is limited to individuals with an annual income of less than \$15,000, and on a rolling basis.

Scholarships range from \$500 to \$1,000 each, and are designed as supplemental scholarships applied directly to program costs.

PROGRAM OVERVIEW

Traffic Troopers, Inc. (TTI) Vocational training programs are designed to provide “in-demand” workforce training. We prepare trainees with job readiness skills and in industry recognized credentials for competitive employment opportunities in the Temporary Traffic Control and construction industries.

Temporary Traffic Control?
“an area of a highway where road user conditions are changed because of a work zone or incident by the use of temporary traffic control device traffic control devices, flaggers, uniformed law enforcement officers, or other authorized personnel”.

Temporary Traffic Control is based on current federal and state regulations using the Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD).
